Eddle Gardner Rent Pred Pairman - Hou-ors Even in the Earlier Part of Contest, Two Preliminary Events,

The Metropolitan Athletic Club gave its first boxing entertainment under the reorganized management last night, The stars were Eddie Gardner, of this city, and Fred Fairman, of Pittaburgh, who took Jack Kinlow's place, the latter's physiconomy not being for publica-tion, owing to his passage-at-arms with Fairman last Saturday night, It took twenty rounds for Eddle to defeat his man, and the contest was witnessed by about 300 people. The fact that Fairman about 300 people. The large may have is practically unknown here may have been a factor in the silm attendance. Gardner and Fairman mer at 124 pounds. The Pittsburgh hoy had the

advantage of height and reach, but he was outclassed in science. He was game and dangerous until the eighteenth round. He couldn't land to much advantage, and after Eddle got him going in the eighteenth the stuff was off. Eddle floored him three times, and the Eddie floored him three times, and the last time in the twentieth Referee Lesile Pearce stopped the contest, and gave Gardner the decision. Feirman was all but out and Pearce exercised good judgment in calling a halt. There was no use in making the ring a slaughter house, and Pearce's mercy was doubtless appreciated by Fairman after the beas cased buzzing in his head. Jack Kinlow, with a strip of court plaster across his countenance, was in Fairman's corner.

ceased dufasting in the second country in the counterance, was in Fairman's corner.

The first round was tame, but things livened up in the second, Fairman keeping Eddle busy. Fairman was the aggressor in the third, but he want at his man rather amateurish. The pace was fairly fast, and Fairman was working the harder. He stopped Eddle once hard on the jaw.

Eddle put a good one on stomach est the opening of the fourth round, and later put right lightly on ribs. Eddle showed good generalship in playing for body. He swung a left on the nose in this round, and threw the same wing into the stomach. Fairman wasn't built to stand stomach punches, and they worried him.

Eddle placed some punches on body and jaw in the fifth, and Fairman's right swings were neatly blocked. Eddle's blows didn't seem to have any too much steam. Fairman was eager for business always, but he was awkward. Gardner put good punches on jaw and kidneys in the sixth without return.

They clashed in good exchanges in the seventh round. As the gong rang, Fairman patted Eddle's cheeks before going to bis corner, and the crowd applauded him. Fairman was a little too anxious to close in, and Eddle stopped him on the jaw in this and the succeeding round. He was quick to take advantage of an opening, and caught Eddle when the latter would turn around. Eddle did good work in a mix at the end of the eighth round, but the work was of the longrange order, and the crowd was beginning to get impatient for liveller doings. They went after each other harder in the tonth, and they gave a claver exhibition of clean work. Fairman managed to get in his right for a straight punch on body. Eddle using left on Jaw. The eleventh round was tame, but the twelfth was warmer. Eddle reversed the previous order of things by rushing Fairman, and his body Jabs made Gard-leak like a winer.

previous order of things by rushing Fairman, and his body jabs made Gardner look like a winner.

The thirteenth was exciting. Eddie west after his man hard. Pairman resorted to hugging to avoid Eddie's fusinde of jabs. Eddie pounded body hard and jabbed face to perfection. Fairman hoked weak at the close of the round. Fairman, in this round, placed hard rights on ribs twice.

Fairman came up as gay as ever, but his legs were wobbling. He was hissed for striking Eddie, when the latter was getting up after he slipped to the floor. As Eddie failed to rush Fairman in this, the fourteenth round, Fairman recuperated. Eddie landed a few in the fifteenth, but they weren't strong enough, for Fairman stayed with him. Eddie blocking his right drives. Fairman evidently had a good right punch, judging from the way Eddie sought to keep out of his reach.

Fairman gave as much as he got in the seventeenth—straight face punches, and it was anybody's contest so far.

Eddie sent Fairman to the floor in the eighteenth with a left swing on the chin. Fairman took the count, and the gong sounded as he got up.

Fairman faced the music for the ninetenth, but Eddie sent him to the floor again with a body punisher. The crowd looked at Fairman's prostrate form and prepared to leave the building. But at the sound of "ten" the Pittsburgh lad

and they were mixing it at the end of the round.

Fairman was groggy in the twentieth, and Eddie watted his chance. It came in the middle of the round. They closed in, Eddie swang right hook on jaw, and Fairman dropped like a log. Pearce didn't wait to count him out, for it was evident that Fairman was done. He was lifted to his feet, and shook hands with the victorious Gardner.

The club put on two good preliminaries, each of which were declared draws. George Church showed superiority over 'Busz'. Auber and Jack Colyer did likewise with George Wanko. Both were decidedly interesting events.

FOOT BALL

For the benefit of the people who thought fifty cents too much for the W. A. C.-Greensburg game, the following from the Washington, (Pa.) Reporter, may be of interest:

"Many inquirles have been made as to the general admission to the championship game next Thursday at Pittsburgh. Manager Stewart says that the has not been fixed definitely, but will probably be \$1 instead of fifty The reason, he says, is that the game, to those who care snything for football, will be worth that; and further that in the east the admission to games is seldom less than a dollar, and for the championship game, runs from \$5 to \$25. The grand stand admission will likely be fifty cents."

Pittaburgh college played Homestend on Wednesday, winning easily by a score of 28 to 5.

Women Need not be Discouraged.

The nervous tension under which most of our women constantly live affects the femals organism seriously. Heavy houshold burdens, social gayeties, work in some commercial establishment, any of these duties seem impossible to women who are ill and yet they keep up for a time under pressure of the demands upon them. When they do break down, the advice and treatment they receive from their family physician don't go to the root of the trouble and they get no better. They are discouraged, worn out, tired of life. The great specialist in women's discass, Dr. Greene, of Nervura fame, 35 West 14th St., New York City, has shown thousands of women who thought themselves hopeless invalide the way to health. His office is open to all women for free consultation and advice, or if you will write him about your case, he Women Need not be Discouraged. for free consultation and advice, or if you will write him about your case, he will advise you by mail absolutely free of all cost and confidentially. The glorious remedies discovered by this profound physician are an invaluable boon to women. It costs nothing to be put on the road to health, and all alling women should write Dr. Greene at once,

PITTSBURGH IRON MARKET

Business Very Quiet.-The Steel Hall Pool
Not yet Materialized.

PITTSBURGH, Pa., Nov. 17, —The
American Manufacturer to-morrow will

The plg iron market has been very quiet this week. In the Bessemer branch hardly any new business is reported, which in foundry iron trade, has moved in small lots at unchanged prices. Furnaces are still running on specifications, but there is a good deal of stocking, and this, together with no urgent domaind from the steel makers, acts rather depressingly on values. The same duliness is noted in Bessemer billets, but there has been no further weakening in prices. Business, however, remains light as consumers are well filled up yet and not ready to contract extensively for next year's supply. In the finished lines there has not been much change from previous condition. Makers are well employed on specifications, but new business is light and mainly running in small lots. Prices as a rule are fairly steady, set concessions are freely conceded in the case of attractive orders of large volume. The sheet manufacturers held their regular monthly meeting on Tuesday last, but made no change in prices.

The rall pool seems to be still in statu nascent, at least nothing as to its polley in regard to prices has as set been promulgated. In trade circles, however, the opinion appears to be unanimous that the price for next year will not be higher than \$20. The iron law of supply and demand is now exercising a very strong influence in the wire industry and especially in the nail market. The price of wire nails this week is down to \$1.25 and even this low figure is not able to stimulate the demand. Efforts are being made on the part of two of the largest producers to induce the jobbers to make contracts covering deliveries up to Agril I, but contrary to expectation, the jobbers are not huying for future delivery in anticipation of a the strongest features on the market. Continuation of low prices for prompt shipment. has moved in small lots at unchanged prices. Furnaces are still running on

A PECULIAR REMEDY.

omething About the new Discovery for Curing Dyspepsi

The Rev. F. I. Bell, a highly esteemed minister residing in Weedsport, Cayuga County, N. Y., in a recent letter, writes as follows: "There has never een anything that I have taken that has relieved the dyspepsia from which I have suffered for ten years except the new remedy called Stuart's Dyspepsia Tablets. Since taking them I have had no distress at all after eating and again after long years can sleep well. Rev. F. I. Bell, Weedsport, N. Y., formerly, Idalia Colo.

Stuart's Dyspepsia Tablets is a re Stuart's Dyspepsia Tablets is a re-markable remedy, not only because it is a certain cure for all forms of indiges-tion, but because it seems to act as thoroughly in old chronic cases of dys-pepsia as well as in mild attacks of fin-digestion or biliousness. A person has dyspepsia simply because the stomach is overworked, all it wants is a harm-less, vegetable remedy to digest the food and thus give it the much needed rest.

This is the secret of the success of this peculiar remedy. No matter how weak or how much disordered the digestion may be, Stuart's Dyspepsia Tablets will digest the food whether the stomach works or not. New life and energy is given not only to the stomach, but to every organ and nerve in the body. A trial of this splendid medicine will convince the most skeptical that Dyspepsia and all stomach troubles can be cured. The tablets are prepared by the F. A. Stuart Co., of Marshall, Mich, but so popular has the remedy become that Stuart's Dyspepsia Tablets can now be obtained at any drug store at 50 cents per package. The attack was made with mud The attack was made with mud, sticks and stones by a mob gathered to celebrate the first feant day since the empress had taken power from the empreor. The families were going to and from the railway station in chairs and carts and were attacked by the half-frenzied Chinamen. Dr. Lowry made a brave resistance and succeeded in getting the women and children to a place of safety, though he suffered a broken rib. The same indignities were offered to all of the foreigners. Representations have been made to the Chinese government by the American minister at Peking.

In military prisons an offender is sometimes sentenced to carry cannon balls from one place to another and pile them up all day long. That is all. Perhaps it does not seem very terrible but it soon wears his life out. It is practically a death sentence, and he knows it; he would rather be shot. Many a sick man feels the same way about the burden of disease that he is lugging back and forth from day to day. He would as soon be down with a mortal disease. It will come to that sooner or later.

A man's life can be dragged out by dyspepsia and liver complaint. The experience of Mr. J. T. Cardwell, of Fall Creek Depot, Pittsylvania Co., Va., shows how Dr. Pierce's Golden Medical Discovery saves people from consumption by waking up their nutritive organism and giving it power to supply pure, healthy blood, which drives out blood poisons and dead tissues and builds up sound, wholesome flesh and muscle.

"I feel it my duty," writes Mr. Cardwell in a letter to Dr. Pierce, "to write you of the lasting heafts derived from the use of Dr. Pierce's Golden Medical Discovery and little 'Pellets. Seven years ago I contracted a severe cold, which baffled the skill of one of the best physicians in my state. It ran on and I continually grew worse until I concluded to write to the 'World's Dispensity Medical Association." "Golden Medical Discovery and little 'Pellets' for indigestion and liver complained 'Pellets' for indigestion and liver complained 'Pellets' for two months had passed. In two or three days after I had commenced the use of your medicine my cough had entirely stopped, my digestion was better, my low spirits driven away and I felt new life and vigor in my whole body." This marvelous "Discovery" makes nerve force and rugged power. It is far better than oily emulsions; it does not increase tha weight of corpulent people.
